

2019 impact report: Financial and philanthropic highlights

A 501(c)3 charitable organization since 1947, Eversight partners with individuals, surgeons, researchers, advocates, the Lions and other organizations, and communities around the world to change lives by providing new hope and access to sight-restoring care.

Our 2019 mission impact

5,594 Donors & their families gave the gift of sight	2,978 tissues provided to advance research & clinical knowledge
8,176 tissues provided for sight-restoring transplants	31 countries where we worked with surgeons & researchers

Giving at a glance

In 2019, Eversight earned GuideStar’s Platinum Seal of Transparency for communicating the important we work we do and reporting the progress we make toward our mission.

Individuals, Lions Clubs, foundations and other organizations gave more than \$1.18 million to advance the gift of sight through transplantation and research into blinding eye diseases.

In its second year, we grew our Sustainers for Sight program to nearly 50 individuals who provide recurring monthly gifts to support our work.

Philanthropic support for Eversight’s annual Gift of Sight Mystery Masquerade raised our visibility and nearly \$175,000 toward our mission.

Thanks to philanthropic contributors to our Gift of Sight program, more than 100 patients received sight-restoring transplants they couldn’t otherwise afford.

Nine Lion, Leo and Lioness Clubs contributed \$3,000 or more as Eversight Sight Leaders during the Lions’ fiscal year. This amount helps offset Eversight’s cost of recovering and preparing a single donated cornea for transplant.

125 more clubs gave as Sight Supporters, and 305 additional clubs contributed support.

Michigan Lions rallied to raise nearly \$60,000 for the Lions Community Room at our expanded Ann Arbor headquarters.

2019 operating financials

Thank you to all of our advocates, partners and staff whose commitment enabled Eversight to end 2019 with a positive net income, ensuring organizational health and viability so we can deliver on our mission in 2020 and beyond: to restore sight and prevent blindness through the healing power of donation, transplantation and research.
